BOTSWANA AGRICULTURE PROJECT

Our objective is to establish farming operations to supply raw materials for a maize mill factory and an (edible) oil manufacturing plant. We also intend to grow tomatoes for a canning project and provide cattle for food consumption in Botswana and for export to neighboring countries.

Watson & Fine

OBTAIN USE OF 60,000 TO 80 000 HECTARES OF LAND IN BOTSWANA FOR FARMING ACTIVITIES

Start-up Costs

Land
Botswana Government to endorse and pledge availability

Crop Costs
TBA - dependent on size of start up

Capital Expenditure (Capex)
TBA - dependent on size of start up

Crop Cultivation

Sunflowers	5 000 hectares
Palm Plantations	5 000 hectares
Tomatoes	10 000 to 20 000 hectares
Maize	10 000 hectares
Cattle Farm	30 000 hectares

Management Contract

Technical partners available
This is dependent on size of start up

Scope: Land Acquisition

Implementation Plan

Phase 1 (Year 1)	Land Acquisition
Phase 2 (Year 1)	Crop Cultivation and Initial Infrastructure Setup
Phase 3 (Year 2-5)	Full-scale farming and Operationalization
Phase 4 (Ongoing)	Continuous Improvement and Self-Sufficiency

Capex Requirements

Tractors and Equipment	$10 million
•Storage Silos	$30 million
•Cattle Pens and Sheds	$20 million
•Staff Housing	$20 million
•Vehicles	$5 million
•Abattoir and Refrigeration Units	$20 million
•Contingencies	$25 million

Total Project Cost

Land, Crop Costs, Capex, Management Contracts
USD $360 million

Risk Mitigation

Detailed cost and business plans will be developed for each farm before implementation.There will be regular monitoring and adjustments to mitigate unforeseen challenges.

Timeline

This proposal meticulously details the essential elements of the Welson and Fine Farming Project, offering a thorough examination of its goals, breadth, financial considerations, and the roadmap for execution. Our primary aim is to secure governmental support for the project, not only to facilitate fundraising from financial institutions but also to secure the allocation of unused farming land – an integral aspect of our strategy.

Moreover, we aspire to have the esteemed President of our nation, The Honorable Mokgweetsi Masisi, assume the role of patron for this groundbreaking farming initiative. This entails not only his endorsement but also his personal oversight of the project's progress. Such a distinguished association will undoubtedly bolster the credibility and success of our endeavor.

THANK YOU
